 Thursday, November 29, 2018

# Workshop on (laser) ignition for aeronautical/spatial applications

- 8:45** *Coffee and registration*
- 9:30** **Pavel (INFPLR, Romania)** About Laslg programme
- 9:45** **Vicquelin (EM2C, France)** About TIMBER programme
- 10:00** **Renou (CORIA, France)** Current activities on sprays ignition
- 10:45** **Cuenot (CERFACS, France)** Numerical simulation and modeling of ignition in aircraft engines
- 11:30** **Rouzaud (ONERA, France)** Current activities on sprays ignition
- 12:15** *Lunch break*
- 14:00** **Kroupa (CTR, Austria)** Laser Ignition for Aerospace Applications
- 14:45** **Mastorakos (Cambridge, UK)** Laser ignition and flame propagation in fuel droplet mists
- 15:30** **Zimmer (EM2C, France)** Ignition of aeronautical injectors
- 16:15** *Coffee break*
- 16:45** **Round table about (Laser) Ignition in Aeronautics / Aerospace**
- 19:00** *Diner*

Further details and registration (free) on the official website
